

The Synthetic Phonics Advantage One Day Professional Development - Hong Kong

Get Ahead in Literacy with the Tools for Reading and Spelling Success

Join literacy expert, Anne Ross, to learn how an explicit, systematic Synthetic Phonics programme can have every child reaching their full reading and spelling potential. Anne will take you through the theory and the practice of Synthetic Phonics - feel motivated and ready to go - right away!

Master the art of teaching Synthetic Phonics by learning:

- How research supports the use of phonics to teach early reading
- The theory behind the success of Synthetic Phonics
- What is Synthetic Phonics
- What Synthetic Phonics looks like in the classroom
- How Synthetic Phonics supports second language learners too
- Hands-on experience with ready-made games and activities to make learning fun
- How to incorporate Synthetic Phonics into your wider literacy programme
- Practical workshops to plan and assess

“ My entire staff was inspired by her training and feel very positive about how they will support children in the early stages of phonics acquisition.”

Emma Navin, Principal, ESF International Kindergarten, Wu Kai Sha

“ I have seen the immediate success children get from the programme's reading and spelling activities. It really enhances their willingness to learn. ”

Melanie Tang, Chinese International School, HK

Trainer

Anne Ross is the Get Reading Right principal literacy trainer. She is a New Zealand trained teacher and Phono-Graphix reading therapist. She has over 30 years teaching experience; with 12 in Hong Kong and another 2 teaching EAL in Shanghai.

Anne consults and trains in all aspects of literacy with schools in the UK, Philippines, Australia, China and Hong Kong. Having initiated over 30 schools in Asia into the Get Reading Right programme, her training demonstrates how to show dramatic improvements for all children but especially those with English as an additional language.
